

## PREMIER

Evolution Aqua's **Premier** pellets have been specially designed to enhance your Koi's overall development, help with their growth and develop richer colours. Premier pellets form a high protein, well balanced floating diet, formulated from high quality ingredients. Incorporated into the formulation of Premier pellets is **BIO-MOS**, which is derived from a specific strain of yeast. **BIO-MOS** helps to improve nutrition and overall health. Premier pellets also contain **Spirulina, Omega 6 and 3**. There are NO added artificial colourings used in Evolution Aqua's Premier pellets. Evolution Aqua's **Premier** is available in four sizes **800g, 2kg, 6kg, and 15kg**, all in 2 pellet sizes; 3-4mm (small) and 5-6mm (medium).
